

Quick Tip Card #3 SCHOOL FUSION TEACHERS Login Off Returns Back to Main School Page Solution

While you are logged in, you may want to see what your students or parents see without the red highlighted links. Unfortunately when you log off it returns back to your school's main page. Here is a quick tip solution:

1. Log into SchoolFusion
2. Make any changes or additions using the red highlighted links.
3. Instead of logging off to view
4. Go to the top url > delete any letters or numbers in the last part of the url.
5. Click > Go, refresh or green arrow
(depending on your internet browser)

6. You will now be logged off and will see what your students see.
7. You may log back in at anytime to make changes.

In addition you can have two windows open at the same time.

1. Log in to SchoolFusion
2. Click File > New Window
3. You will have two windows
4. Log off one of the windows and keep the other logged in.
5. You can toggle back and forth as you make your changes.
